

Course Overview

As part of a company's due diligence towards Health & Safety, drug and alcohol awareness training has been identified as an essential element in the development training of its staff.

Who is his course for?

This session has been designed for all employees and / or senior management.

Course Objectives

- To identify prohibited drugs their effects and risks
- To recognise indicators of drug and alcohol misuse both of individuals and in the workplace
- Have an awareness of actions to be taken when identifying drugs/alcohol paraphernalia or use
- What you can do as a responsible employer to deter substance misuse on the sites where your staff are employed.
- To understand the current guidance around safer alcohol use and units of alcohol
- To understand how little alcohol it takes to be over the limit 'the next day'
- To understand latest drug trends

Benefits

- This first level awareness training will help your Company to meet its duty to provide training and instruction to its employees.
- Employees who understand basic Health & Safety, and Risk Management principles are more likely to work safely.

Duration: 1 Day

Course Content

- In depth look at drugs which are most commonly abused in today's society
- Understanding alcohol units, how these are calculated, the UK drink drive and drug driving legislation
- Awareness of current legislation and how this impacts on employers and employees
- Ensuring the right course of action is taken on identifying a drink or drug relating incident
- Actions to take if you find drugs and or associated paraphernalia
- Recovery/Seizure and subsequent disposal of suspected drugs and or paraphernalia including specific risks associated with 'sharps'
- How to manage a drink/drug related incident, including potential risks to individuals involved in this process
- Reporting suspicious behaviour and or incidents in which drugs misuse is suspected
- When to involve the police

Assessment

Exercises, open discussion and a written assessment are used to consolidate learning
